

ABHI

The Association of British Healthcare Industries

Created in 1988

Mission

- To promote the profile and positive value of the MedTech sector in the UK
- To ensure that the best and most appropriate medical technologies are made available to patients and clinicians in support of life-long health
- To facilitate the development of a vibrant market environment that supports and rewards innovation.

In support of this ABHI:

- Keeps members informed about the evolving market.
- Shapes the business environment by ensuring that regulation and legislation are proportionate and appropriate.
- Ensures that innovation translates into business success by improving the R&D climate and the environment for clinical evaluation.
