

# ASSOBIO MEDICA

The Italian medical device and in vitro diagnostics Association

Created in **1984**

## Mission

Assobiomedica gathers companies dealing with all biomedical products and technologies, in the area of healthcare, including in vitro diagnostic products, except medical products.

Assobiomedica represents and safeguards the interests of biomedical and in vitro diagnostic companies with health authorities, public administrations, scientific research boards and technical/professional associations. At European level, Assobiomedica is a member of Eucomed, EDMA and COCIR.
