

# AUSTROMED

The Association of medical suppliers in Austria

Created in **1981**

## Mission

AUSTROMED is today Austria's leading community of interests for all entities active in production and supply of medical products in Austria.

The main areas of activities comprise, beside collaboration in establishing suitable legal framework for medical devices, permanent cooperation with all authorities involved in health-care and hospital organizations as well.

Focus and working groups safeguard best possible information exchange and knowledge amongst our members.

Training seminars for membership's employees under the umbrella of our "Academy" support respective company's efforts in order to provide not only high-level medical solutions and innovations to health care professionals, but also properly educated and trained people for necessary know-how transfer to the best of patients.
